Uma Charan Patnaik Engineering School, Berhampur

An AICTE affiliated institute under Directorate of Technical Education & Training
and Skill Development & Technical Education,
Government of Odisha

Why Biotechnology ?

Biotechnology is the technology based on biology. Biotechnology harnesses cellular and biomolecular processes to develop technologies and products that help improve our lives and the health of our planet.

Biotechnology is the branch of applied science that uses living organisms and their derivatives to produce products and processes. These products and processes feature in healthcare, medicine, biofuels and environmental safety.

We started the 1st diploma course in India and only one in Odisha

Facilities available

- * Well equipped laboratory with latest technology.
- * Study tour and industry visit for enhanced learning.
- * Library with high speed internet.
